FY 03	FY 04	FY 05	FY 06	FY 07	Total
300,000	300,000	300,000	300,000	300,000	1,500,000

Project Description:

Improvements of streets and intersections to include geometrics, pavement widening, drainage, identification signage, landscaping and lighting.

Project Justification:

These projects have been approved by the Hampton Industrial Development Authority and are essential to the revitalization of the park.

Project History:

In FY99 the Planning Commission and the City Council authorized a study to determine the critical needs of this area. Accordingly, a master plan for Copeland Industrial Park has been developed and approved by both representatives of the park association and the Hampton Industrial Development Authority. In FY01 improvements were made to the intersections of Aluminum Avenue with City Line Road and Aluminum Avenue with Aberdeen Road.
